Golf Shop Updates: Eddie Pratt

New scorecards have been ordered that will reflect the Jones/Byrd Course mix that will be used during the upgrade of the front nine of the Byrd's Greens. Handicaps will be based on the course ratings of the Jones/Byrd nines used. The computers will reflect those changes.

Old Business:

- Lack of rakes in sand traps

Response: Additional rakes have been placed in the sand traps and additional rakes have been ordered.

- Update Maples 8th hole with bridge construction

Response: The new tee box will be located in the area the existing cart path was located (facing the green the area left of the old tee box) the dam will be rebuilt to the left of its current location after November 1st. The location of the Red Tee will be shifted to the left or possibly to a location in front of the Gold Tee. There may be periods during the bridge construction that the hole will have to be played as a par three.

- Maples 17th path to Red Tee and White Tee

Response: Flag stone paths will be built leading to both tee boxes.

- Byrd 18 pond GUR

Response: Until the work is completed the area between the cart path and the stacked stone retaining wall will be designated as ground under repair, GUR, and played accordingly.

New Business:

- Dress Code lack of enforcement

Response: This issue will be readdressed with the personnel at the bag drop.

- Golf etiquette and lewd behavior, lack of ranger enforcement

Response: Issues such as locations of the washrooms will be readdressed with the starters and rangers. Public urination is not acceptable behavior.

- Jones lack of sand in traps

Response: Traps will be upgraded when funds are available.

Next meeting May 12, 2008, 2:30 pm
