

Greens Committee Minutes

July 9, 2007

Attendees:

Ron Dubas, STMGA
Golf

Matt Owens, Dir. Golf Maintenance

Eddie Pratt, Dir. of

Maureen Foley, Lady Niners

Lee Sutton Couples Golf

The meeting was called to order at 2:30 PM.

Course Updates: Matt Owens

Greens Committee Meeting 9 July, 2007

Golf Maintenance Update:

All Courses:

- Hand-watering season in full swing; measures will be taken to reduce the amount of impact on daily play but some impact will be felt
- Continuing to install landscape materials throughout the property
- Continuing to work on pine straw beds and tree lines throughout the property

Jones:

- Cleaned up around #8 retaining wall at green
- Top Dressed all par three tee boxes
- Edged tee/fwyr yardage markers
- Cleaning pond banks

Byrd:

- Completed #3 tee complex—should be ready for play within the next two weeks
- Cleaned all pond banks
- Regular topdressing and rolling of greens
- Continuing to work around #4 tee complex

Maples:

- Some pruning of trees along cart paths
- Repaired two areas in #2 fwy that were damaged by irrigation leaks
- Continuing to work on cleaning vines and small brush in tree lines
- Ropes put up behind #4 green to direct traffic away from weak areas

Upcoming:

- Continue with installation of landscape materials
- Installation of sod in high traffic areas.
- Edge traps and waste areas
- Aeration of all Bermuda grass (no greens)

Golf Shop Updates: Eddie Pratt

SEPT 30 (Sun.)	MAPLES	SADIE HAWKINS (12:00 pm SHOTGUN / 90+ PL)

Old Business:

Path to 17th Red Tee Maples Course

Response: A more permanent solution will be considered during the off season.

Red Tee on the 4th of the Maples Course

Response: Tees on the Maples Course will be looked at for possible need of resodding.

New Business:

- Reporting Walking/Riding the Loop

Response: If the Clubhouse is closed call the main switchboard to report such incidents.

- Rally for the Cure July 11th

Response: Golf Course Maintenance will make sure the Flags surrounding the 18th Green will not be disturbed.

- GUR for aeration areas

Response: The areas of aeration will be too large to identify as GUR, tournament directors should make the determination of when the ball can be moved. In general the holes created will be surface and should not interfere with play.

- Ball in Flower Beds

Response: Blue stakes identifying sensitive areas will be placed.

- Pin Placement Chart

Response: The possibility of printing green depths on the pin place cards will be considered with the next printing.

Open Discussion:

A Special Thank You to Golf Course Maintenance and the Pro Shop for all the help with both the ladies and men's Member Guest Tournaments.

Next meeting August 13, 2007, 2:30 pm

Respectfully submitted,

Ron Dubas
