HANDICAP ALLOCATION

Jim Hunt and Joe Carpinello reported that we are doing an analysis of the white and gold tee handicaps. To accomplish this we are requesting that score cards be legible and turned in with last names for all white and gold tee play at Sea trail. This allows Joe Carpinello to enter the hole by hole date needed. Joe Carpinello also noted that he needs updated address data for all STMGA members. Please let him know of any change.

WHITE vs. GOLD ISSUES

John Olson said that the statistics he has accumulated show no problems with closest to the pin. The percentage of white and gold winners tracks the percentage of white and gold players based on data from the first of 2010.

John Olson presented a Hole In One plaque to Ron Dubas for his hole in one during STMGA Play. Ed Seidel got a hole in one on Maples 3 today. Congratulations Ed.

Ron Dubas asked the members to recognize the exemplary work that John Olson does for STMGA. This was noted by overwhelming applause.
